

Anttolanhovi 
Wellness Village

Anttolanhovi has fresh and fruity wines suitable to the Finnish lakeside scenery. The clean aromas and balanced acidity of these wines are in tune with the Finnish cuisine. The list is based on elegant and balanced wines from small quality producers. The quality of these wines is based on self-produced grapes and uncompromising wine production. The same passion is expected also from a few, carefully selected, somewhat larger producers. The list also includes organically and sustainably produced wines. All wines are faithful to their origin – to the place where the grapes have grown. The enchanting aromas and flavours of these wines highlight the typical characteristics of each grape variety. We in Anttolanhovi together with Mika Vanne, who has created our wine list, hope that these carefully selected wines, together with clean local cuisine, will make your visit unforgettable.

Sparkling wines

Argeo Prosecco 20 cl 10 €

Ruggeri, Veneto, Italy
